

Creating a Positive Safety Culture

1 Who Should Attend . . .

This seminar is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance. The MTI introduced an Assessment-Based Certificate program, effective October 1, 2007. The certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. Courses are offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certificate program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

This course will provide the knowledge and tools for participants to gain an understanding of the factors that affect culture and how it impacts safety performance. Management Leadership/Commitment and Employee Involvement are the most critical components of having an effective Safety and Health Management System (SHMS). This course will use data, examples, case studies, and activities to illustrate best practices and assist participants in improving their company's safety culture.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Define organizational culture and its impact on performance.
- ▶ Explain the impact of safety systems and other corporate systems on safety culture.
- ▶ Evaluate the safety culture within your organization.

Facilitator

Anthony Neroni was promoted to Occupational Safety Consultant with the Consultation Education and Training Division in January 2003. He has been with the State of Michigan since 1984, including: six years with the Michigan Department of Transportation, 13 years as an Occupational Safety Inspector with MIOSHA, and his last two and a half years as Senior Safety Officer. Senior officers are used on more complex cases and are instrumental in training and coaching other safety officers. Anthony's previous experience includes ten years of service as a machinist, operating various metalworking machines.

Anthony has excellent knowledge of the General Industry Safety Standards and has also received additional certified training in many other areas.
